

# Treeguard

**TUBEX Treeguard offers reliable plant protection without the microclimate for enhanced growth.**

TUBEX Treeguard is designed to last a minimum of 7 years\*, boosting the chances of survival and healthy growth through the early stages of the tree's life. Often used for conifers or species that require plenty of air movement, as Treeguard has no polyethylene film- it's just a pure net. Most suited to windy site conditions where herbicides are not used, users can benefit from Treeguard being designed to blend subtly into the natural environment.

\*shelter longevity is dependent on site and weather conditions but is typically 7 years plus.

PRODUCTS	TREGUARD	
Heights (m)	0.6, 0.75, 0.9	1.2, 1.5, 1.8
Diameter (mm)	80 - 110	80 - 110
Nest	4	4
Bundles	100	60
Colour	Olive Green	Olive Green
Ties	1 x 9" on 0.6m 2 x 9" on 0.75m	2 x 9" on 0.75m & 0.9m
Support	Stake	Stake

- Shelter longevity is dependent on site and weather conditions and can vary considerably.
