

Ecovine

Our cost effective solution to vine establishment, the TUBEX Ecovine provides reliable plant protection and enhanced growth.

The TUBEX Ecovine provides an improved microclimate resulting in stronger early growth, higher survival rates and fewer side shoots. The TUBEX Ecovine also provides protection against animal browsing, accidental herbicide drift and mechanical weeding. TUBEX Ecovine has become a popular and economical solution to vine establishment, it has a lighter material composition than other vineshelters within the TUBEX range, allowing up to 3 years of life. It is often re-used.

For larger vine plants consider the TUBEX Vine Original.

*Vineshelter longevity is dependent on site and weather conditions but is typically a minimum 2 years.

PRODUCTS	ECOVINE
Heights (m)	0.4, 0.5, 0.55, 0.6, 0.75
Diameter (mm)	71 - 86
Nest	4
Bundles	120
Colour	Green
Ties	N/A
Support	Cane or Metal rod

- Shelter longevity is dependent on site and weather conditions and can vary considerably.

TUBEX Data sheets, Installation & Case studies can be downloaded freely from www.tubex.com

Overview of Vineshelters

TUBEX vineshelters have been specially designed to provide the right solution for your planting needs. Over the years we have developed unique features that all contribute to the effective establishment of vines and fruit trees.

Features of vineshelters:

 <p>Laserline, designed to split avoiding strangulation as plant grows</p>	 <p>Nested for ease of transport and storage, whilst maintaining original shape</p>	 <p>Flared rim to minimise stem abrasion</p>
 <p>Pre fitted thumb releasable ties for quick, easy installation and maintenance</p>	 <p>Twin wall construction for rigidity and best strength to weight ratio</p>	 <p>UV stabilised polypropylene to provide minimum 2 year protection</p>
 <p>Top holes, allows attachment to trellis wire</p>	 <p>Wrap splits vertically, expanding as tree grows</p>	 <p>Strengthening rods at stake area to prevent tearing of the vineshelter</p>

Features of mesh range:

 <p>Pre fitted thumb releasable ties for quick, easy installation and maintenance</p>	 <p>UV stabilised and made from recycled plastic to provide minimum 7 year protection</p>	 <p>Flared rim to minimise stem abrasion</p>
 <p>Nested for ease of transport and storage, whilst maintaining original shape</p>	 <p>Weld line and flared rim splits avoiding strangulation as plant grows</p>	

- Shelter longevity is dependent on site and weather conditions and can vary considerably.
